Packing

- Furniture removalist can not move Gas Bottles please make alternate arrangements

Packing Tips

- Establish an estimated box count with our guide
- Buy, Borrow or lend removals boxes, from: your nearest Furniture Storage Facility eg. Storage King approx \$4 per box, www.packsend.com.au www.u-pac.com.au www.hotfrog.com.au/products/cartons www.ebay.com.au local classifieds, trading post etc...
- Collect cushioning material such as bubble wrap, foam pellets, furniture pads, old blankets, plastic bags, tissue paper, newspapers, and small towels to use as padding inside boxes.
- Create a "portable packing kit" with marking pens, a tape measure, packing tape, twine, and scissors. Carry it with you as you pack up items around your home.
- Reinforce the bottom of boxes with extra tape for added strength.
- Label each box with the name of the room in your new home where it should be placed.
- List the contents of the box on the side of it.
- Number the boxes and keep a list of which boxes go in which room in your new home.
- Label boxes containing fragile items with large red lettering.
- Place china in plastic bags and stack plates upright on their sides, not flat.
- Pack your TV, stereo, and computer in their original boxes whenever possible.
- Keep boxes to 20 kilos or less.
- Pack heavy items into their own smaller boxes and place lighter items together into larger boxes. (Don't pack all your books into one box!)
- Don't move GAS BOTTLES, flammable, combustible, corrosive, or explosive items such as paint, gasoline, and ammunition.
- Pack a bag of personal items you'll need during the move (change of clothes, toiletries, medicine, maps, food, and drinks). Keep it in an easy-to-find place when you pack.
- Make a list for your "first to unpack Box" stocked with kettle, toaster, chopping board, cups, cutlery, medicines
-

General Moving Tips

- Disconnect and bundle cords on television and stereo components. Label each cord with masking tape and a description of where to connect it.
- Plan and measure where your furniture will be placed in your new home. It's helpful to draw a layout of your new home and sketch in the major furniture pieces.
- Be ready for the removalists who will want to know where to put pieces ASAP.
- To save time on moving day, move your boxes from the basement, upstairs, or attic to the main floor prior to the move date. Consider carrying items from the back yard to the front yard or garage ahead of time.
- Keep your phone or mobile connected, fully charged & in service so you can contact or be contacted by the removalists AAA COASTAL REMOVALS, friends, family etc...
-
